

You are looking for a working environment in which human values and trust are valued? Are you motivated, eager to learn & looking for an exciting job in a modern business world?

Then you have come to the right place!

We are developing an individualized treatment program, aiming to give our patients the highest standard of independence and a free lifestyle to improve their life quality to a maximum. We are targeting Swiss insurance patients, as well as international patients. cereneo and its sister companies accompany patients in their different phases after neurological illnesses; from inpatient treatments to outpatient treatments all the way to tele rehabilitation. We explore the potential of neurorehabilitation and would like to exploit this to the fullest and make it accessible for our patients.

We are expanding our team and are looking for independent & motivated

Healthcare Assistant (FaGe) (m/f/d)

in Vitznau/Hertenstein, effective immediately or by arrangement

In this interesting function you will be responsible, among other things, for the care and support of our patients who stay in our clinic as in-patients during their rehabilitation. You will always work in a team of two with a qualified nurse and will be able to demonstrate your talents. In addition, you offer targeted developmental and health-preserving measures.

Are you looking for active cooperation and professional exchange with colleagues? Then you will have the opportunity here. Through close cooperation and constructive exchange with our doctors, therapists and researchers, we form a strong team in which you can express your ideas and contribute to improvements.

What should you bring with you?

Our success is only possible with highly qualified and motivated employees on all levels. Frankness, personal initiative and fairness are therefore on top of our list.

Do you share this attitude with us? In addition you will have the following + points to offer:

- + Healthcare Assistant, Federal Diploma of Vocational Education & Training
- + Positive attitude towards working with people with neurological disorders of all ages
- + Professional interaction with colleagues as well as external partners & customers
- + Willingness & interest in working together in an inter-professional team
- + Empathy and roll distance
- + Confidentiality and trustworthiness
- + Initiative, joy of communication and team spirit
- + Ability to criticize and deal with conflicts
- + Readiness for continuous further training
- + Good knowledge of German & English (written & spoken), any other language would be an advantage

What can you expect from us?

Most important, we offer an open, entrepreneurial, independent and fair leadership culture. In addition to that, we do offer the following:

- + Personal training and development opportunities
- + Discount accommodation for employees
- + Discount for our connected KITA
- + Shared use of fitness equipment
