

The Center for Neurology and Rehabilitation in Vitznau (LU) is a state-of-the-art rehabilitation and research facility devoted to a unique concept of rehabilitation of patients after stroke and other neurological disorders. Research in the field of clinical neurorehabilitation provides excellent medical care as well as optimal therapy concepts. For our new day clinic in Dubai (UAE) as well as for our clinic in Vitznau we are looking for a

Speech and Language Therapist 80-100%

In this position, you will work independently with patients in a local clinical centre equipped with the latest technology. You will be mainly responsible, together with an interdisciplinary team, for the treatment of patients who have suffered a nervous system injury. Evidence-based therapy concepts will be essential for your daily work.

Responsibilities

- Clinical diagnostics and treatment of swallowing disorders in patients with acute neurological disorders
- Diagnosis and treatment of systematic speech and voice disorders in acute and chronic neurological patients
- Advice and guidance for relatives
- Interdisciplinary work in the acute and chronic area

Skills

- Well-established completed training as a speech therapist (FH or EDK recognition in foreign education)
- Knowledge of various types of therapy (such as FDT, TAKTKIN, MODAK, PNF, FOTT) and some years of professional experience in the neurological field
- Knowledge or experience in the diagnosis and treatment of patients with dysphagia
- Research interest as well as a committed and independent working habit
- Independence, resilience, and flexibility
- Fluent in English (spoken and written), German is a big advantage

What we offer

- Possibility to apply and deepen modern and evidence-based treatment methods
- A motivated and committed international team
- Possibility to work abroad
